\_\_\_\_\_ Other (please specify): \_\_\_\_\_

I hereby authorize LocalTel Communications or its agents to install wireless equipment on my property. I recognize that the installation of the SkyFi wireless equipment includes the placement of a satellite/antenna and any necessary mounting equipment on the outside of the home, usually near to the existing meter. My signature below authorizes my tenant to receive services but does not obligate me to any charges. I understand that the communication service will be subject to the Rules and Regulations of LocalTel Communications set forth in the Customer Service Policies as adopted by LocalTel. I specifically grant right of access to LocalTel or its agents for the purpose of installation, operation and maintenance of wireless equipment on my property and further agree to permit trimming of trees if necessary to clear right of way for the benefit of wireless access and connectivity.

I also authorize LocalTel Communications or its agents to install telecommunication wiring as needed to establish service. This may included but not be limited to the drilling of a hole or holes from the outside to the inside of the building or crawlspace, stapling wire to exterior and/or interior walls or baseboards, mounting of jack box or boxes as necessary. My signature below authorizes LocalTel or its agents to run these needed wires & boxes but does not obligate me to any charges.
